

SPBSF-501

### Descripcion

Sealing cutter machine is ideal auxiliary equipment of the BS series shrink packaging machine. It can also be used separately to cut the shrink film into required sizes. After packing the objects with cut shrink film, put the packed objects into shrink packaging machine to complete the packaging process.

### Especificaciones

	SPBSF-501	SPBSF-601
Voltage (V/Hz)	AC 220/50 110/60	
Impulse Power (kw)	1	2.4
Max. Sealing Area(L X W)(mm)	500×350	600×500
Heat Time (sec.)	0~2	
Dimension (L×W×H) (mm)	950×550×370	1100×820×420
Net Weight (kg)	23	35
